Rural Alabama Landlord Engagement Roundtable (RALER)

Available Housing Listings

STATUS: NO LISTINGS CURRENTLY AVAILABLE

ARCH has not yet compiled any landlord-submitted housing listings for publication.

As landlords submit information about available units through the RALER page, ARCH will review those submissions and, once a set of listings has been compiled, will publish an updated version of this document.

A reminder:

ARCH does not screen, endorse, or partner with the landlords or properties that will be listed here once available. Always call each listing directly, ask questions, and see a unit in person before making any decisions. Be alert for rental scams: never wire money, send a deposit, or share banking information with anyone before you have toured the property and signed a legitimate lease agreement.

Landlords: submit your available housing information at archconnection.org/raler.html.

Questions? Contact ARCH at arch@archconnection.org or 1-334-273-0668.
